### **Position**

Executive Vice President and Chief Operating Officer

### **Profile**

As executive vice president and chief operating officer, Donnelly leads ComEd's day-to-day operations. He is responsible for performance in operations, safety, service reliability, customer satisfaction, financial management and smart grid development.

ComEd is a unit of Chicago-based Exelon Corporation. ComEd delivers electricity to approximately 3.8 million residential and business customers across northern Illinois, or 70 percent of the state's population.

Exelon Corporation (NYSE: EXC), now including the Pepco Holdings utilities, is the nation's leading competitive energy provider, with 2015 revenues of approximately \$34.5 billion. Headquartered in Chicago, Exelon does business in 48 states, the District of Columbia and Canada. Exelon is one of the largest competitive U.S. power generators, with more than 32,700 megawatts of owned capacity comprising one of the nation's cleanest and lowest-cost power generation fleets. The company's Constellation business unit provides energy products and services to approximately 2 million residential, public sector and business customers, including more than two-thirds of the Fortune 100. Exelon's six utilities deliver electricity and natural gas to approximately 10 million customers in Delaware, the District of Columbia, Illinois, Maryland, New Jersey and Pennsylvania through its Atlantic City Electric, BGE, ComEd, Delmarva Power, PECO and Pepco subsidiaries.
